Great

Let's go with the format of the revised report. Also, it would help a lot for posting purposes if you could also send the Pages 2 and 3 (as they were in the revised report) and without the pink disclaimer (if the disclaimer needs to be attached, fine)

▼ Markj Thomas---06/30/2011 02:20:17 PM---The aircraft has completed the mission for today and collected data over White Rock, Los Alamos East

Subject: 1315 ASPECT Update 30 June 2011

The aircraft has completed the mission for today and collected data over White Rock, Los Alamos East and the City of Los Alamos. Preliminary analysis of the data shows no exposure data above normal. Detailed plot will be coming shortly.
